BSCR NEWS - GENERAL

Whole School Evacuation Drill

On Wednesday the 13th of August students and staff members participated in the National Evacuation simulation. The simulation provided our community with the opportunity to practice our emergency evacuation procedures. We are pleased to share that the drill went very well with students from all year levels and staff demonstrating a high degree of compliance with our defined procedures for an evacuation.

BSCR NEWS - EARLY YEARS & PRIMARY

International Gymnastics Success

Congratulations to Alexa Martinez (Year 4) who recently took part in the "No Limits Gymnastics Elite Challenge 2025" which took place in Panama City from July 31st to August 3rd. The event was a major competition featuring athletes from several countries, including El Salvador, Nicaragua, Peru, Costa Rica, Colombia, Panama, Ecuador, and Mexico. Alexa won first place in beam and floor, and second place in bars, making her the overall first place winner in the competition for her age group. Well done Alexa!

Success with Saprissa

Congratulations to Mathias Duarte (Year 3) who was part of the victorious Saprissa team which won the Saprissa Elite U9 Cup on Sunday.

Year 3 Irazú Volcano Trip

On the 31st July, Year 3 enjoyed an exciting trip to the Irazú Volcano! Students were amazed by the breathtaking crater views and learned fascinating facts about Costa Rica's highest volcano. It was a day full of discovery, fresh mountain air, and unforgettable memories.

Year 11NB and Year 12 students Visit the UCR 2025 Vocational Fair

Last week, our Year 11 National Baccalaureate and Year 12 students attended the annual career fair at the University of Costa Rica's Rodrigo Facio campus. This experience allowed them to explore a variety of academic and professional options while becoming familiar with the university campus, helping them make informed decisions about their future.

Year 12 Students Reach National Final of Plasma Competition

Isabella D'Arsie, Luisana Gómez, and Isabella Moya, all from Year 12, recently took part in the qualifying round of the national vocational exploration competition Plasma. They achieved the highest score in this round among the participating schools in the Mathematics category and advanced to the national grand final. We congratulate them and thank them for their outstanding representation of The British School of Costa Rica.
