BSCR NEWS - GENERAL

Sports Festival

We would like to thank all members of our Learning Community who participated in this week's Sports Festival - please see our social media pages for various pictures taken throughout the week. We would like to thank all staff members and students who worked extremely hard both before and during the week to make it such a success.

Inauguration and Botargas Race fill the festival with joy

As part of the inauguration of our festival, the long-awaited Carrera de Botargas took place, an activity that stood out for its energy, creativity, and fun. The event featured a special visit from the Colegio Santa María de Guadalupe and the participation of the popular vaca Lula, who brought even more enthusiasm to the day. The race was full of exciting moments and laughter, where the mascots gave their best in every stretch of the circuit. At the end, the podium was formed as follows: in first place, Irazú; in second place, the British School Lion; and in third place Barva. Without a doubt, it was an unforgettable activity that marked the beginning of our festival with great enthusiasm.

BSCR NEWS - EARLY YEARS & PRIMARY

Primary Parent-Teacher Meetings

Please note that due to Parent-Teacher meetings, all classes for Early Years and Primary students will end at 12 midday on Wednesday 15th of April. Early Years and Primary afterschool activities are also cancelled this afternoon.

BSCR NEWS - EARLY YEARS & PRIMARY

Acto Cívico

A historic and unforgettable morning with our Y2 students! The representation of the Batalla de Santa Rosa y Rivas in the play “Juanito Mora’s Diary” was a brilliant display of talent, where the children stood out for their excellent performances full of fluency, precision, and expressiveness.

Beyond the excitement, the act was highly educational, as it allowed the students to connect historical events and ideas with their own context and personal experience. Congratulations to our “little-great” actors for this thrilling and educational historical adventure!

Year 4 Exit Point

Year 4 celebrated their Exit Point with great success! The students were creative with their projects on different systems of the human body, and presented their findings with confidence and enthusiasm. We are all very proud of their hard work.

BSCR NEWS - SECONDARY

Science Fair

On Wednesday of this week our Year 6 to Year 8 students presented their scientific presentations in our annual Science Fair. We would like to congratulate each of our students on a superb set of investigations, which covered a wide range of interesting and engaging topics.

BSCR NEWS - Student Development Services (SDS)

Autism Awareness

Autism Spectrum Disorder (ASD) is a neurodevelopmental condition that influences how a person communicates, interacts, and understands the world around them. It is part of neurodiversity and reminds us that not all brains work the same way—and that’s part of what makes each person unique. In the school setting, some students may benefit from clearer supports, predictable structures, or different ways to express their thoughts and emotions. When we, as a community—families and school—respond with empathy, openness, and a willingness to understand, we not only support their well-being but also enrich the experience of everyone. We invite you to watch the following short video, which offers a clear and meaningful perspective on ASD and the importance of understanding and inclusion.
