## BSCR NEWS - EARLY YEARS & PRIMARY

### Jade Museum

Our Year 4 visit to the Museo de Jade on Tuesday, June 2nd was a great success! Students enjoyed a wonderful learning experience, exploring Costa Rica's rich history and culture through the fascinating exhibits. A special thank you to all the parents who volunteered as chaperones. Your support, time, and dedication helped make this field trip safe, enjoyable, and memorable for everyone. We truly appreciate your partnership in enriching our students' learning experiences!

### Year 1B Assembly

This past Monday we celebrated World Oceans Day with the Year 1B Primary Assembly. Through messages, a song and a poem students shared the importance of the oceans and different actions we can do every day to protect them. They reminded us that we can all make a big difference.

## BSCR NEWS - SECONDARY

### Save the date: Year 10 and Year 12 Mock exams

IGCSE mock exams for Year 10 students and IB mock exams for Year 12 students will take place from Monday, August 10 to Friday, August 21. These exams are calculated as the Semester II exam grade and are compulsory. Absences will only be justifiable due to illness. To ensure excused absences, families must obtain and submit an official, medical certificate

## BSCR NEWS - SECONDARY

### Year 7 Camp

On Friday the 29th of May, the Year 7 Activity Camp kicked off with enthusiasm! Our students had a great time participating in various activities and exploring the school campus after dark. The following morning we had a slow and tired start for many thanks to the fun and late-night antics of the previous day. However, the spirit and energy of our Year 7s remained high throughout. It was a true pleasure to share this experience with such a lovely group of students who demonstrated many of the school values throughout the camp.

### Water Olympics

Our Year 7 students enthusiastically participated in the Water Olympiads, where they explored fascinating facts about water, its importance in our daily lives, and innovative ways to clean, conserve, and reuse it. Through engaging workshops and activities, students expanded their understanding of sustainable water management. We are especially proud of Pilar Zamora Corrales and Valeria Nanne, who earned 3rd place in the trivia competition held after the workshops. Congratulations to both students for their outstanding achievement and dedication to learning!

Well done to all our Year 7 participants for representing our school with curiosity, teamwork, and enthusiasm.

### IGCSE/IB/NB Fairs

Dear Y8 and Y10 parents. Please remember that you are invited to our upcoming fairs to learn more about the IGCSE programs (for Y8 parents) and the IB/NB programs (for Y10 parents). Please check your email for the invitation sent last week, which includes specific timing and details. Both fairs will take place on Wednesday, June 17th. We look forward to seeing you there!
